### Young drinkers more likely to experiment with fizz and fusion drinks

Harpers

Younger Australians are more experimental when it comes to sparkling wine than older drinkers, according to the latest report on the Australian sparkling wine market by Wine Intelligence.

### Field walk identifies clear rootstock differences

Vinehealth Australia

Biosecurity was a strong focus of the field walk, with participants asked to sign in and then put on two layers of disposable shoe covers while being transferred to the trial site in a bus. We discovered that putting on shoe covers in confined spaces is no mean feat.
